

GENTLE TOUCH
DENTAL CARE

AMERICAN BOARD OF
PEDIATRIC DENTISTRY
BOARD CERTIFIED

Introducing:

DR. LANA MUSHEYEV

BOARD CERTIFIED PEDIATRIC DENTIST

Dr. Lana grew up in New York City and has been practicing in Manhattan and Queens for almost a decade.

Her primary focus is on preventive and minimally invasive options for treating cavities such as silver diamine fluoride, which can help treat some cavities without any "needles" or "drilling" of the baby teeth.

Other services include:

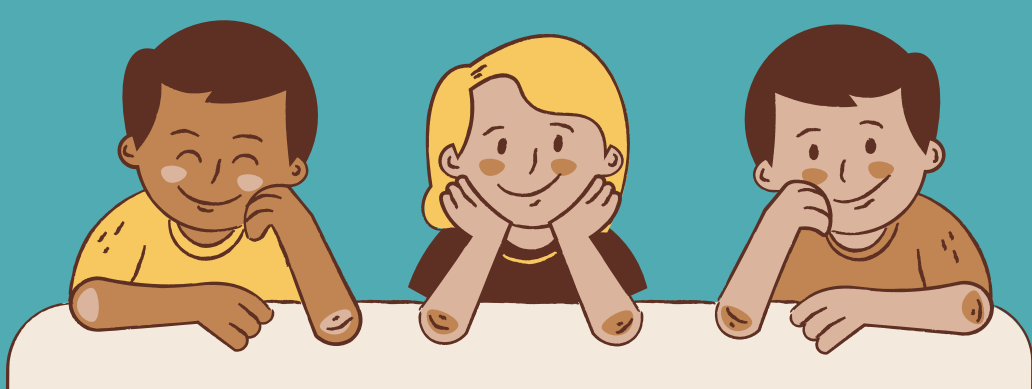

- Special needs dentistry
- BPA Free Sealants (prevent cavities)
- Fillings and crowns for cavities
- Extractions (removal of teeth) for children
- Space maintainers (prevent space loss and need for braces)
- General checkup and cleaning and fluoride

Dr. Lana loves being part of the caring and compassionate team at Gentle Touch Dental. She is committed to making every visit a fun and positive experience for both children and their parents!
